

Remarks

By this amendment the specification and claims have been amended. The specification has been amended to reflect prior related applications, to add an abstract on a separate page and to revise some of the section headings.

Claims 7 and 10 are revised to avoid multiple dependencies. New claims 11-17 are similar to claim 10, but have different dependencies. New claims 18-20 are added to provide alternative claimings. After entry of the Amendment, claims 1-20 will be pending.

No new matter has been added by this amendment.

Prompt and favorable consideration on the merits is earnestly solicited.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
